PURPOSE

Cheetham Salt Limited is committed to complying with the Heavy Vehicle National Law. The chain of responsibility law applies across all areas of the supply chain. This policy provides a framework to ensure that the Company and its workers cooperate to ensure that compliance with chain of responsibility obligations are met.

SCOPE

Cheetham Salt Limited – Australian Operations

POLICY

Cheetham Salt Limited values the health and safety of its workers and contractors and is committed to providing a safe workplace.

The Company will, to the extent that it is reasonably practicable to do so:

- Implement systems and processes to achieve compliance with the chain of responsibility laws;
- Take all reasonable steps to ensure that the systems are maintained, including implementing adequate supervision and auditing of the systems;
- Ensure that regular compliance reports are prepared for executive officers which will identify any breaches of the chain of responsibility laws and steps taken to remedy those breaches;
- Monitor compliance to the requirements of this policy; and
- Develop and implement a training program outlining chain of responsibility requirements.

All personnel are required to:

- Follow the systems and processes implemented by the Company in relation to chain of responsibility laws;
- Follow all reasonable directions from the Company regarding compliance with those laws; and
- Report any incidents or breaches of the chain of responsibility laws or the systems and processes implemented by the Company.

Cheetham Salt takes its Chain of Responsibility obligations seriously, and any breach of this policy may result in disciplinary action.
